

EVO-CO @ Air Purifier

CLEAN AIR!

AIR PURIFIER WITH MULTI-LEVEL FILTRATION

FEATURES:

-  BACTERIA
-  VIRUSES
-  ALLEGENS
-  FORMALDEHYDE
TOBACCO SMOKE
-  NEGATIVE IONIZATION
-  PARTICULATE MATTER
-  MOLD SPORES & POLLEN
-  PET DANDER & ODOR
-  AROMATHERAPY

- With the heavy-duty filter and Photocatalyst module combine EVO-CO filters out air pollutants in extremely efficient performance.
- Enjoy noise-free operation. The ultra-quiet motor technology give whisper-quiet for your bedroom and workplace. The EVO-CO air purifiers register a surprisingly low 53 dB while continuously cleaning your indoor air.

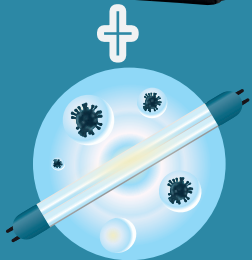

EVO-CO @ Air Purifier

AIR FILTER WITH MULTI-LEVEL FILTERING

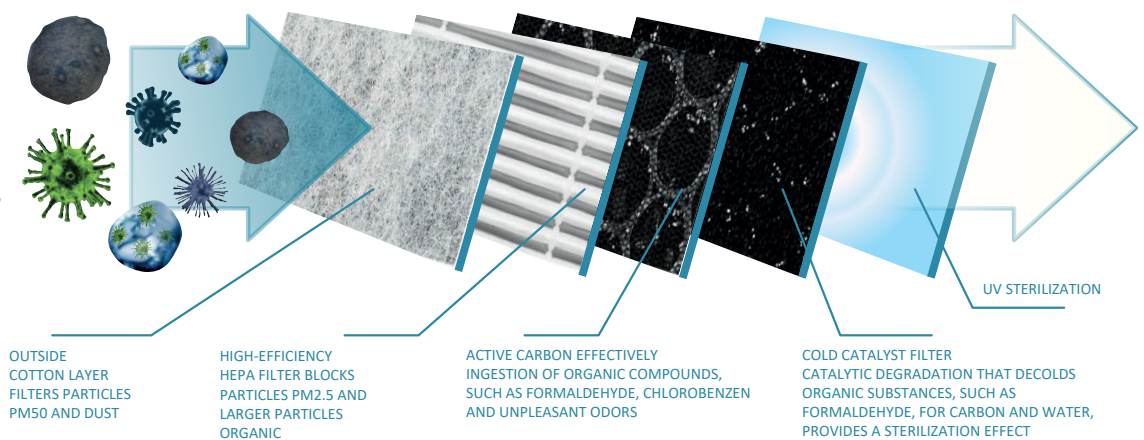

- Recommended for rooms with an area:10-15m²
- Multi-layer purifying filters
- High efficiency HEPA filter
- Comb filter with activated carbon
- Remote control by a remote control and automatic adjustment of the operating mode
- Cold catalysis filter
- Negative ion generator
- UVC 254nm sterilization
- Air quality sensor
- Reminders to change the filter

REPLACEABLE
4-LAYER
FILTER
CLEANSING

Sterilization
254nm UVC LAMP

REMOTE CONTROL

DOUBLE FAN DESIGN
FAST PURIFICATION

Input	AC110-240V 50/60Hz
Power	8,5W
Noise Level	53dB
Efficiency	62m ³ /h
Suggested Area	10-15m ²
Weight	2,5kg
Dimensions	334x129x295mm
