

INSTALLATION INSTRUCTIONS

1. Before commencing installation, ensure the main power is switched off.
2. Remove the mounting bracket from the back of the luminaire.
3. Measure and prepare holes on installation surface. Insert wall plugs.
4. Secure the bracket to the installation surface with the screws.
5. Connect and waterproof cables accordingly.
6. Optional: If installing dimmable version, connect cables as indicated.
7. Install luminaire onto bracket.
8. Turn on main power.

Non-dimmable or Triac Dimmable installation

IMPORTANT NOTE:

All connections made must be waterproofed to the appropriate IP rating for the application. Warranty is void if connection IP ratings are not met.
