## Wiring diagram application :

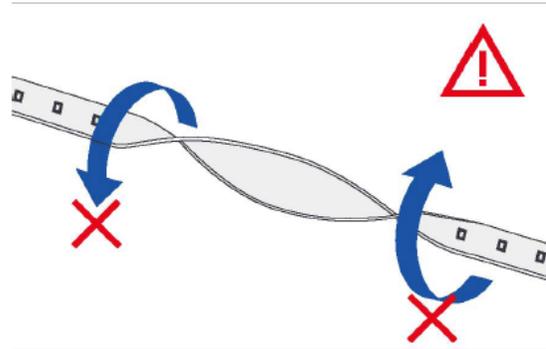

- ◆ Single end power input for 5 meters

 Operation Attentions.

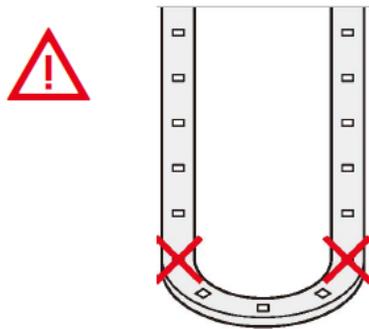

Do not bend LED Strip light to a radius less than 50mm(1.97 inches)

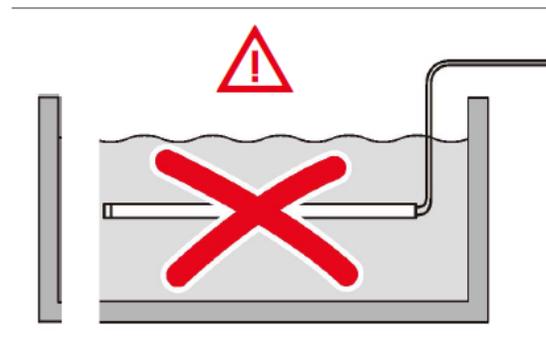

Do not bend LED Strip light like this, and this way will break the LED and bonding pad

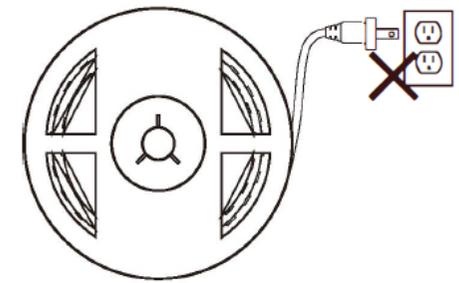

Do not fold or crease LED Strip light, and this way will break the LED and bonding pad

Do not twist LED Strip light like this, and this way will break the LED and bonding pad

Do not use the IP65 Silicon Sleeve LED Strip Under water, and too dangerous

Do not connect directly LED Strip light to AC /DC high voltage power!
